PROFILE

Motivated front-end developer and UI/UX designer with 1 year and 6 months of experience in crafting visually appealing and intuitive digital experiences. Committed to delivering high-quality solutions that drive user engagement and satisfaction.

WORKING EXPERIENCE

Past Software Trainee | Active Vertex | 1 Year 6 Months

- » Crafted 50+ logo concepts using Figma and animated select logos with PowerPoint, showcasing creative design skills for a banking application.
- » Created engaging & dynamic animated GIFs using PowerPoint, showcasing creativity and versatility in visual design.
- » Designed and created visually appealing VISA and Mastercard designs for the banking application using Figma.
- » Developed a banking website with React.js, utilizing local development and thorough testing.
- » Developed a website using HTML, CSS, and JavaScript files to support the banking application.
- » Assisted in the development of web applications for the back office and portal platforms, utilizing HTML, CSS, JavaScript, and ASP.NET.
- » I have also maintained software quality for our mobile banking app on iOS and Android platforms
- » Generated screenshots for promotion for both the App Store and Google Play platforms
- » Leveraged expertise in Figma, HTML, CSS, JavaScript, Bootstrap, ASP.NET, and Photoshop to craft responsive and engaging front-end designs.
- » Independently created assets and designed screens for the banking application, contributing to its overall user experience.
- » Designed and created prototypes for the Active Events app using Figma during my training period.
- » Proficient in designing wireframes, prototypes, and visuals for mobile apps, with a solid grasp of UI/UX principles.
